Now having have the Support to Chance and to Embrace that Change is a Blessing from the Ormus. This Ormus carries the energy of five planet changing signs (Mercury, Jupiter, Venus, Sun and Mars), one of them twice (Mercury). This Change can, may, must Result Inn a Willing Loving Support for Us to Shift also. So doing personal work with the Support of this Ormus Results Inn a Swimming with the Tide rather than against the Flow which changes direction more than understood mentally. Sort of a Free Ride to Some degree!

When Ready to Find Obstacles that have yet to consciously realize the Taking of this Ormus enhances you self-discovery by showing you where you now need to focus your attention, to smooth out the edges and to have clarified miss-understandings. The end result of your self-exploration is to recognize that True Freedom Exists apart from the Circumstances Inn the Life rather than as a result of those Circumstances.

Most People want a Life of their dreams, yet everyday reality often falls short! Sages throughout history have reminded us that True Freedom is found within; independent of External Conditions! How do we reconcile this Truth with the fact that many situations feel toxic and heavy! We also know that we need to remove ourselves from situations that appear to be toxic Inn 'Order to Thrive'? This central challenge of the Spiritual Path presents itself for deep Ormus enhanced enquiry when One Is ready for the Next Level.

A shift Inn Belief and Willingness to shift direction Is the beginning of a profound Inner Shift! This Shift Is available if there is a Willing to Enquire deep enough and Allow some

of the most intransigent aspects of feelings, beliefs and behaviors access to the Penetrating Light through Spiritual Enquiry. A Loving Heart Experiences & Sees the potential Inn the Present Moment, Inn the Present Circumstances! Ormus enhanced Spiritual Practices Results Inn a Clearer Mind that takes Intuitively Knowingness to a whole New Level of Functionality Inn the Life.

This Ormus Provides Extra Support Inn Sorting out what's valuable and what can be let go of from the past. Ormus is at the Heart of Mother Nature Herself. Life is a Laboratory where we can, must, may learn about the Nature of our System; how it is constructed, how it thrives and how it dies. We can 'pierce through appearances' to see the meaning behind what is present Inn our perception. This Ormus Opens a 'keenly enhanced vision'! The One taking this Ormus will have an impact on the collective atmosphere. This Ormus Supports One to withdraw quickly and easily from old experiences rather than re-grasp old reality when the situation attempts to interfere with your higher ideals and the 'collective values' of Higher Goals. This Ormus Supports Being able to Be active Inn defending and/or maintaining your allegiances 'through which meaning Inn a life has been made worthwhile.' This Ormus refines the individual's ability to listening to your Inner Voice and quicken the Soul's Expression. This Ormus add a Strength, to Follow consciously into Great Compassion for yourself and others, and be Inn-dependent from Influences and courageously rejecting that which would compromise your highest Spiritual Principles. Life itself requires constant elimination of old forms of thought & behavior that one time server and then stopped serving the highest goals. This Ormus Supports the occasional major restructuring regarding duties, obligations, and ultimate loyalties. The more you are able to Embrace the Virtues of self-discipline, patience, persistence, understanding, and long range vision the more you can Keep growing into a Reflection upon an Illuminated Transcendent Wisdom that allows your Maturity and Authority to come forth in Potent, Focused and Loving Ways. This Ormus Holds the focus on Experiencing Feelings of Deep Connectedness with the Life that's ALL around you as you Eliminate the 'Next Layer' of what you no longer need and move into a New Expression of your Individuality and/or Unique Qualities. This Ormus supports the Experiencing of a 'Sense of Relief' that things are moving forward in a slow and measured pace. One that takes this Ormus begins to comfortably take time to enjoy 'self' by Seeing how everything is Playing the Exact Part it should! This Ormus awakens the Kind of Dignity that Allow people 'perceived' to be obnoxious and nasty to change or to leave; to go away. With an Awakened Embracing Dignity there is a Revealing of a Knew Creative Vitality; while there remains an Appreciation for what is 'gone', what 'is', and what's to come.
